

Aleksandr Shumakov

Full-stack developer

PROFILE

Ability to work in a team, quality control, analytical skills, sociability, ability to learn quickly, cooperative multitasking. I can work without external control, ready for monotonous work, based on the goals and needs of the business, I independently set goals for myself, I also choose tools, estimate deadlines and fit into them. I quickly learn and adapting to changes. I fluent in Russian and Ukrainian and have intermediate English level. I feel comfortable dig into technical info and resources.
